To Whom this may Concern
Im writing this letter on behalf of Samir Simpson-Bey. In all honesty Samir deserves your mercy. On paper it may reflect negative actions, but in real life Samir is a pillar to his Community and a Steeple to his family. Samir Came from a environment that wasnt always great and he made the most of it. He Spreads love and give people a reason to live. He's accomplished, He's diligent in his boxing, an activist, an advocate, a Father, a Son. He doesn't preach violence nor does he condone it. In fact Samir is the most positive and influential Person that the world may ever know in this Lifetime. He's not perfect but he's genuine and has a heart of gold. Hosting Back-To-School events, Stop the Violence rally's, Food drives, Turkey Give aways for Thanksgiving, Christmas Drives, and Feeding the homeless are just a few of the many things that Samir has done to best describe his Character.

Im writing this letter on behalf of Samir and how he empacted our community for growth & prosperity. From the time takes out of his personal life to help mold the kids of our community to the truck loads of food he would bring to feed our families. The dedication and love he showed continues to be felt through out our Community. He held major back to school events with every thing you could name. During the summer he made sure there was never a dull moment always fun always laughter from jumpy houses to music he always found ways for our community to be productive while showing us how to love and help one another. When holidays came around he would throw some of the most epic community parties at 12th and park you couldnt forget. The caliber of man he is ~~now~~ now

His Continuance to grow
everyday in every aspect of
life shows our Community
that even though life may
be hard you can still be
something in life & give back
even when you don't have
much. He was and still is
a Major Resource for our
Community.

Samir's existence alone helps people live easier. He's a very active father. From Sports, Cheer Competitions, dance recitals, Birthdays, Trips. He does it all and all the time. His Children education is top priority however. It's always two sides to the story, You guys only know one side of Samir but in this case get to know the real Samir. Please have mercy on my cousin and allow him to correct his ways and come home in time enough to still make a difference and have a positive impact on life.

Thank you for your time

To whom it may concern.....

On behalf of Samir Simpson and my brother. I am writing this letter to inform anyone concerning this case, that my brother Samir Simpson is and has been a person who has done wrong in his life for a while, but then he had to realize that he has children that looks up to him and not just them. Samir inspires others to do right, by doing things in his community and outside of that.

Samir has changed his life to better others. Samir helps with the kids in the community with backpacks for kids going back to school. Samir holds food drives for the community, paying utilities bills, renting bounce pop trucks for the kids when it's hot outside.

Giving out water toys for the kids to get wet, swimming pools etc. Samir has grown a long way from the kid he use to be and he has transformed for the kids not just kids in the community, all around the world. Where Samir is hosting something for any occasion the world is coming out to show up and support the cause, from Baking, BBQ cookouts,

school gatherings, and or just community
fun for everybody without violent behavior.
The Lord gives everybody a second chance
to get it right. Samir was on that path for
change & perfection to make a difference.

Love

Big Sis Shonique
